

# Norn Statistics & Genealogy

**ATTENTION!** This is a third party document, and the editor claims no affiliation with Cyberlife, or Creature Labs. This document was created by C. Knight a.k.a. TreeSprite. This document was conceived to allow ease in sorting out familial ties, world origin, and other information related to each norn in a Creatures wolfling run. It is for use with any of the games in the Creatures Series, but was targeted for and is of most use with Docking Station. Any ideas, or constructive comments about this document are welcomed. If there is any information you feel is pertinent that is not included in the following document please write and send suggestions for editing the document to TreeSprite at [treesprite@treesprite.com](mailto:treesprite@treesprite.com)
